The first part of the paper is devoted to a general discussion of the problem of the origin of life. It is shown that the problem is not only one of the origin of life, but also one of the origin of the universe. The second part of the paper is devoted to a discussion of the problem of the origin of the earth. It is shown that the problem is not only one of the origin of the earth, but also one of the origin of the solar system. The third part of the paper is devoted to a discussion of the problem of the origin of the life on earth. It is shown that the problem is not only one of the origin of the life on earth, but also one of the origin of the life in the universe.
